

COOL SHIELDZ

DESIGNER
PROTECTIVE GLASSES

top-down fluid protection ridge

Newly designed frame offers a protective ridge for added protection from "the top down".

wraparound frame

Newly designed frame wraps around the head for more secure fit. Will not slide off the head and are extremely comfortable and accommodating when worn with prescription glasses.

non-perforated

Embrace Cool ShieldZ have no holes. Cool Shieldz fully comply with O.S.H.A. rules & regulations regarding exposure to bloodborne pathogens.

Ultra-Clear™ Technology

-Anti-Fog (both sides) - Anti-Glare
-Optically Clear - Anti-Stat

neck cords

Neck cords, available in an assortment of colors keep Cool ShieldZ close and accessible. Promotes the re-use of the reusable frames.

designer colors

Lenses available in five vibrant colors. Color strip serves as a handling guide for assembly keeping the lens fingerprint-free.

- Magenta
- Green
- Blue
- Yellow
- Purple

economical & affordable

Cool ShieldZ are a low cost alternative for eye protection. Re-usable frames further reduce the cost per use.

easy dispensing

Our specially designed dispensing box makes lenses and frames both easily accessible. Replenish each independently of the other reducing waste or unnecessary build-up of inventory. Wall mount bracket available.

Non Perforated	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Top Down Protection	<input checked="" type="checkbox"/>	<input type="checkbox"/>
OSHA Compliant	<input checked="" type="checkbox"/>	<input type="checkbox"/>

no holes

"By way of clarification, the final standard specifically states that if glasses are the chosen method of eye protection, they are to be equipped with solid side shields. "Solid" should not be interpreted to mean opaque but has been stipulated simply to preclude the use of mesh or perforated side shields."
